

ICMA Annual General Meeting & Conference

Vienna

June 8 to 10, 2022

Sponsorship

Background

Meet the international capital market in Vienna in 2022.

After more than 18 months of virtual events, we know that both our members and the wider capital market community are keen to return to face to face meetings and are eager to once again network with existing contacts and have the opportunity to build new relationships. ICMA is pleased to announce the AGM and Conference, a key event in the financial market calendar, will take place as an in-person event in Vienna, in 2022.

Prior to the global pandemic, with influential speakers from governments, regulatory authorities, central banks and financial institutions, the event regularly attracted a large audience of market participants from ICMA's international membership and the wider financial community.

The ICMA AGM and Conference will be held in Vienna from June 8 to 10, 2022.

ICMA promotes well-functioning cross-border capital markets, which are essential to fund sustainable economic growth. It is a not-for-profit membership association with offices in Zurich, London, Paris, Brussels and Hong Kong, serving more than 610 member firms in 65 jurisdictions. It provides industry-driven standards and recommendations, prioritising four core fixed income areas: primary, secondary, repo and collateral and sustainable finance. ICMA works with regulatory and governmental authorities, helping to ensure that financial regulation supports stable and efficient capital markets.
